17 **set forth in IC 32-31-5-3.**

1 **Sec. 4.** As used in this chapter, "solar energy system" has the
2 meaning set forth in IC 36-7-2-8(a).

3 **Sec. 5. (a)** Except as provided in subsection (b) and section 7 of
4 this chapter, a homeowners association may not:

5 (1) prohibit the owner of a dwelling unit from installing a
6 solar energy system;

7 (2) impose unreasonable limitations on the owner's ability to
8 install or use a solar energy system; or

9 (3) require the removal of a solar energy system that has been
10 installed.

11 **(b)** A homeowners association may require preapproval by the
12 homeowners association of:

13 (1) the location of a solar energy system; and

14 (2) the manner in which a solar energy system is installed.

15 **Sec. 6.** For purposes of section 5(a)(2) of this chapter,
16 unreasonable limitations on an owner's ability to install or use a
17 solar energy system include any restriction that:

19 intended maximum efficiency; or

20 (2) increases the cost of installing the solar energy system to
21 an amount reasonably estimated to be more than ten percent
22 (10%) higher than the cost of installing the solar energy
23 system in the absence of the restriction.

24 **Sec. 7.** A homeowners association may prohibit the installation
25 or use of a solar energy system or may require the removal of a
26 solar energy system that has been installed if any of the following
27 apply:

28 (1) A court has found that the solar energy system threatens
29 public health or safety.

30 (2) A court has found that the solar energy system violates a
31 law.

 6 and:
 7 (A) extends above or beyond the roof of the dwelling unit
 8 by more than four (4) inches;
 9 (B) is mounted other than in the roof location designated
 10 by the homeowners association, unless mounting the solar
 11 energy system in the roof location designated by the
 12 homeowners association:
 13 (i) would significantly increase the cost of the solar
 14 energy system; or
 15 (ii) would significantly decrease the efficiency of the
 16 solar energy system;
 17 and an alternative solar energy system affording
 18 comparable cost and efficiency could not be mounted in the
 19 roof location designated by the homeowners association;
 20 (C) does not conform to the slope of the roof and has a top
 21 edge that is not parallel to the roof line; or
 22 (D) has a frame, support bracket, or visible piping or
